MoneyMate

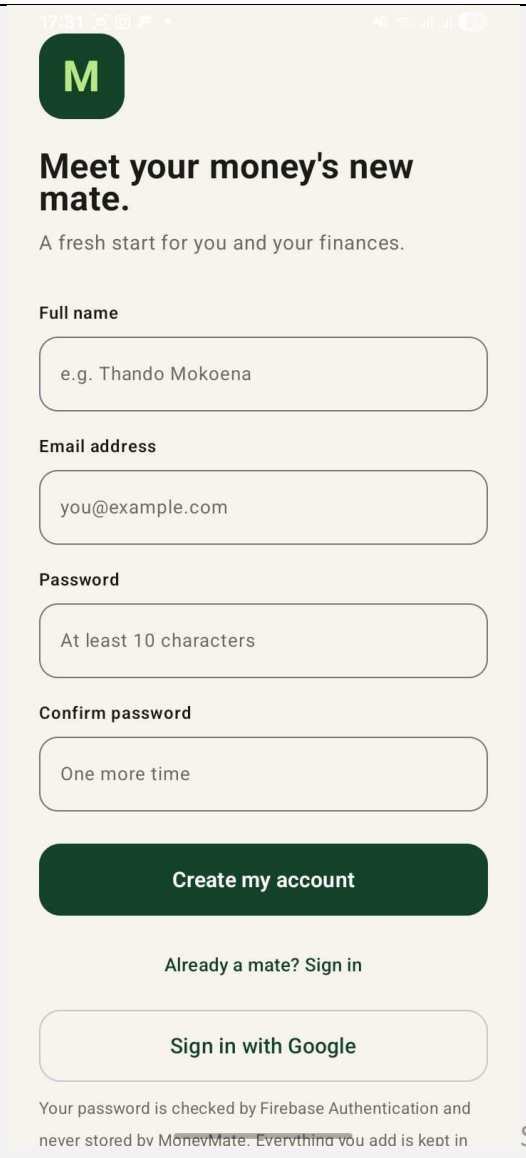

App Screenshots & Descriptions

1. Splash screen

17:30

What it shows: The branded opening screen (forest-green background, lime "M" mark) that plays on launch while the app checks whether the user is still signed in.

2. Sign-in screen with Google button

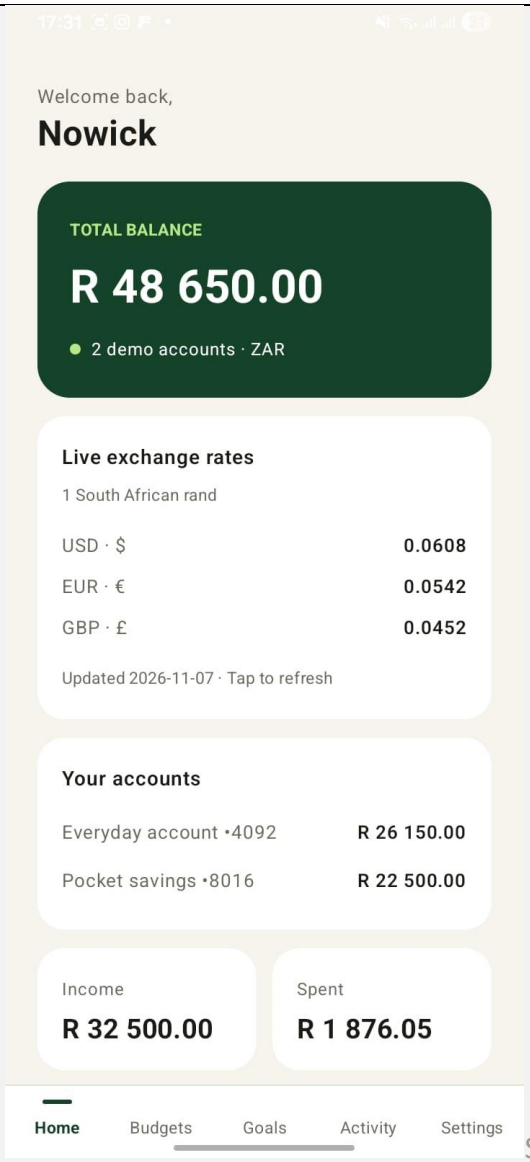

SCREENSHOT HERE

What it shows: The account screen with email + password fields and the "Sign in with Google" button. Google sign-in uses the modern Credential Manager flow; email/password is verified by Firebase Authentication, so MoneyMate never stores the user's password.

Rubric: Google Sign-In (SSO) 10 marks

3. Home tab — balance, accounts & live exchange rates

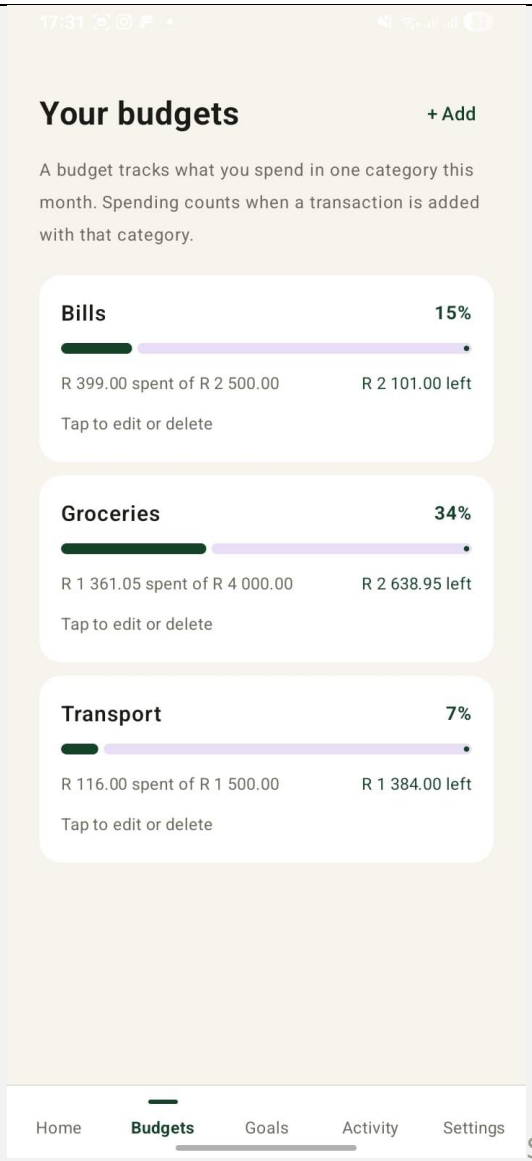

SCREENSHOT HERE

What it shows: The main dashboard: total balance of R 48 650.00 across two simulated accounts, income vs spent this month, and the exchangeEUR / GBP prices fetched from the free Frankfurter REST API.

Rubric: Demo banking + live exchange rates (Frankfurter) 10 marks

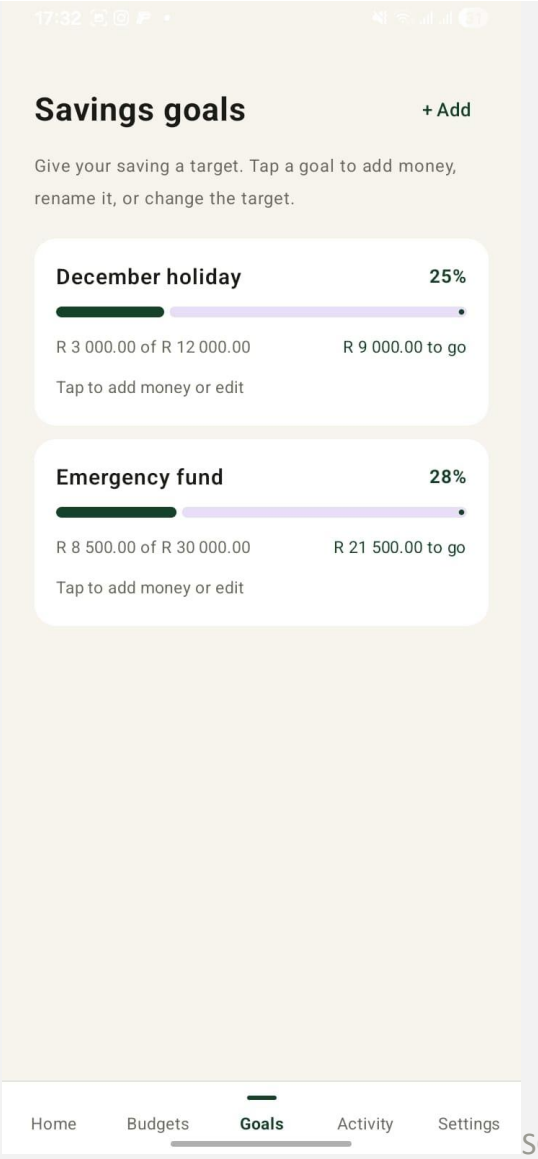

4. Budgets tab

SCREENSHOT HERE

What it shows: Per-category monthly budgets with the percentage used and a progress bar. Tapping a budget opens the edit / delete dialog.

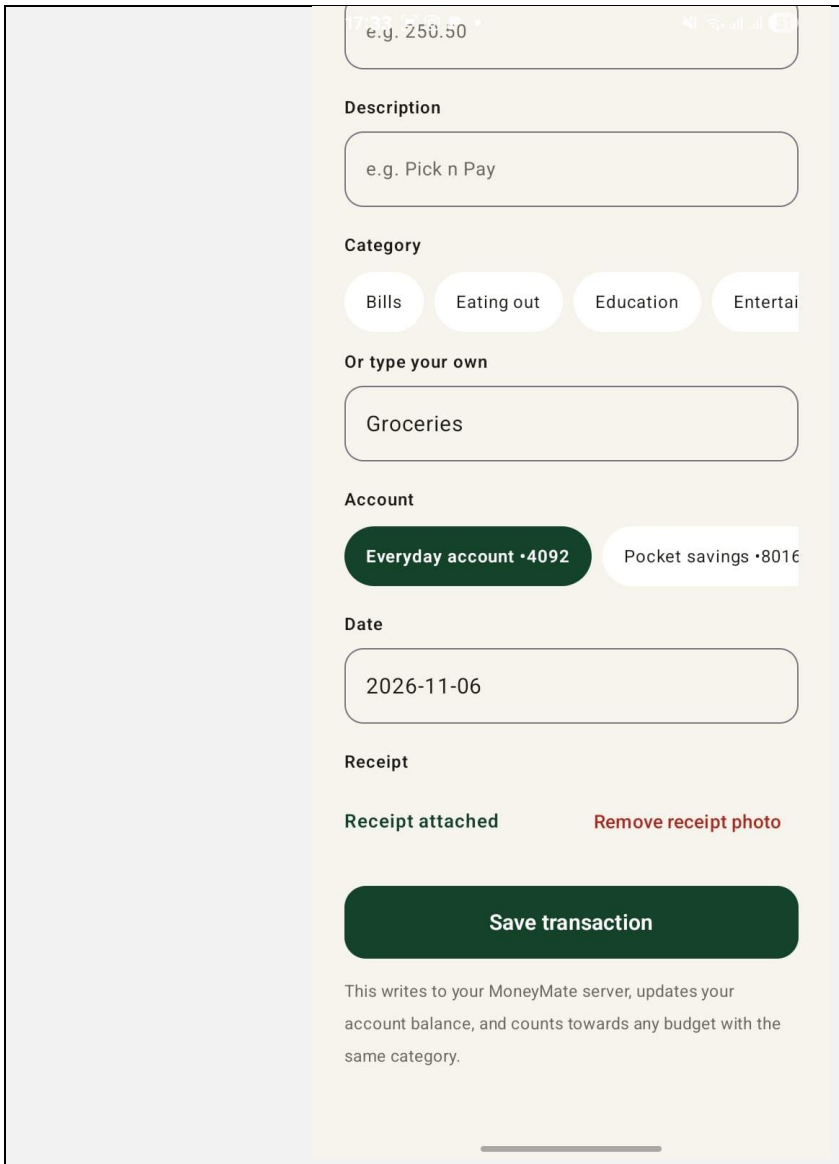

5. Goals tab

SCREENSHOT HERE

What it shows: Savings goals with target, amount saved and progress. Tapping a goal allows adding money or editing the target.

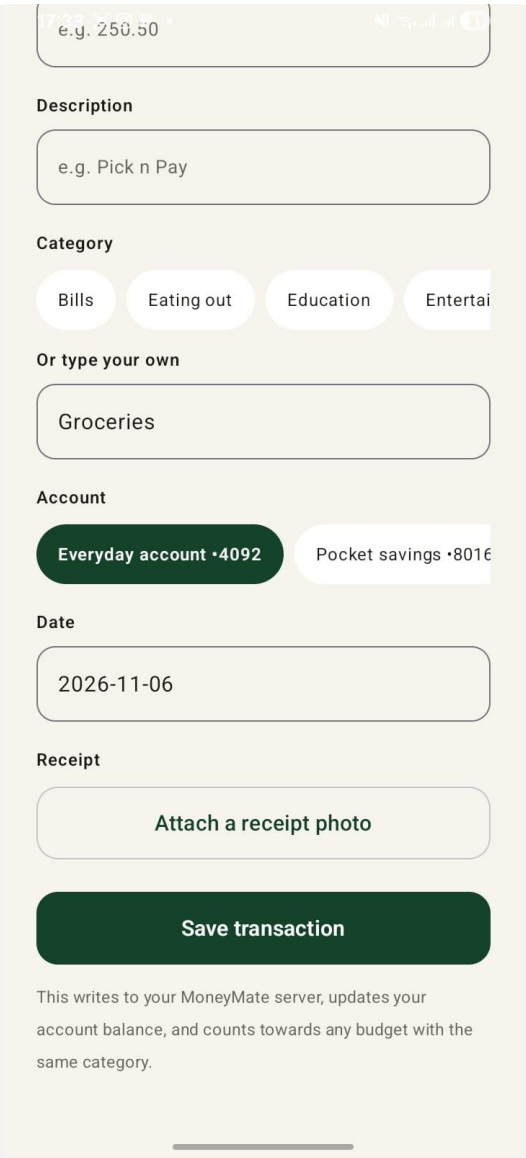

6. Add a transaction receipt photo attached

e.g. 250.50

Everyday account •4092
Pocket savings •8016
Date
2026-11-06
Receipt
Receipt attached
Remove receipt photo
Save transaction
This writes to your MoneyMate server, updates your account balance, and counts towards any budget with the same category.

What it shows: The "Add a transaction" screen with a receipt photo attached (bottom of the screen). When saved, the photo is uploaded to Firebase Storage under the user's own folder and named after the transaction.

Rubric: 10 marks

7. Activity tab receipt chip

e.g. 250.50
Description
e.g. Pick n Pay
Category

Receipt
Attach a receipt photo
Save transaction
This writes to your MoneyMate server, updates your account balance, and counts towards any budget with the same category.

What it shows: The full transaction list. The transaction saved with a photo shows a " View receipt" link under it; tapping any other transaction offers to delete it (the balance is adjusted).

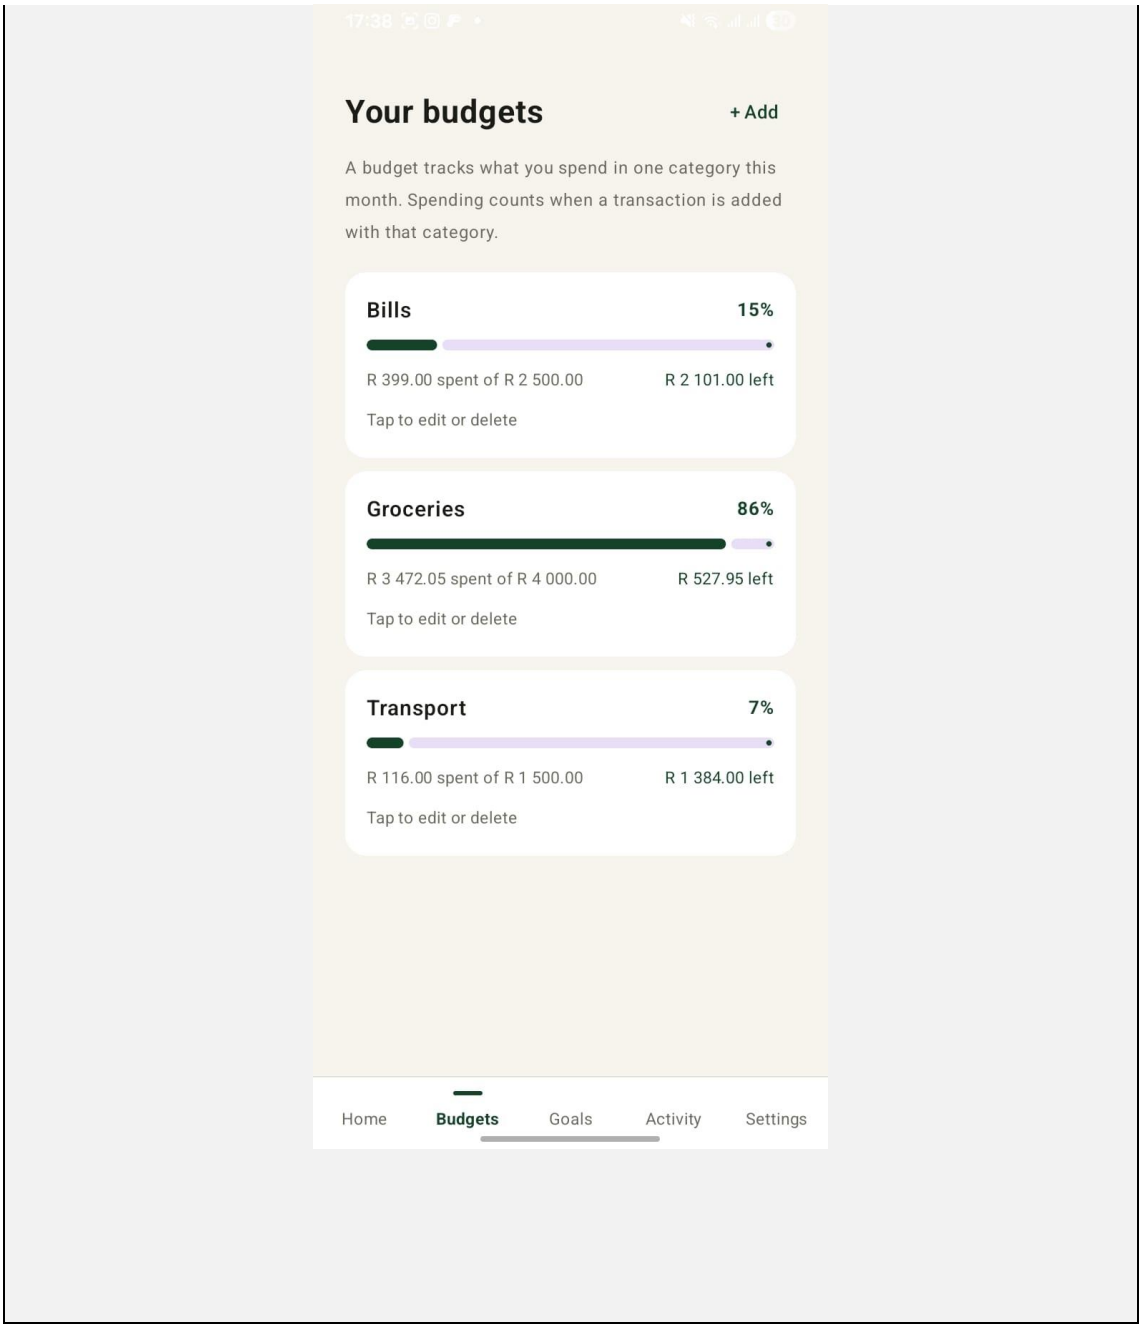

8. Receipt photo opens in the app

SCREENSHOT HERE

What it shows: The uploaded receipt photo, opened from the Activity tab and loaded from Firebase Storage into the app with the Coil image library.

Rubric: 10 marks

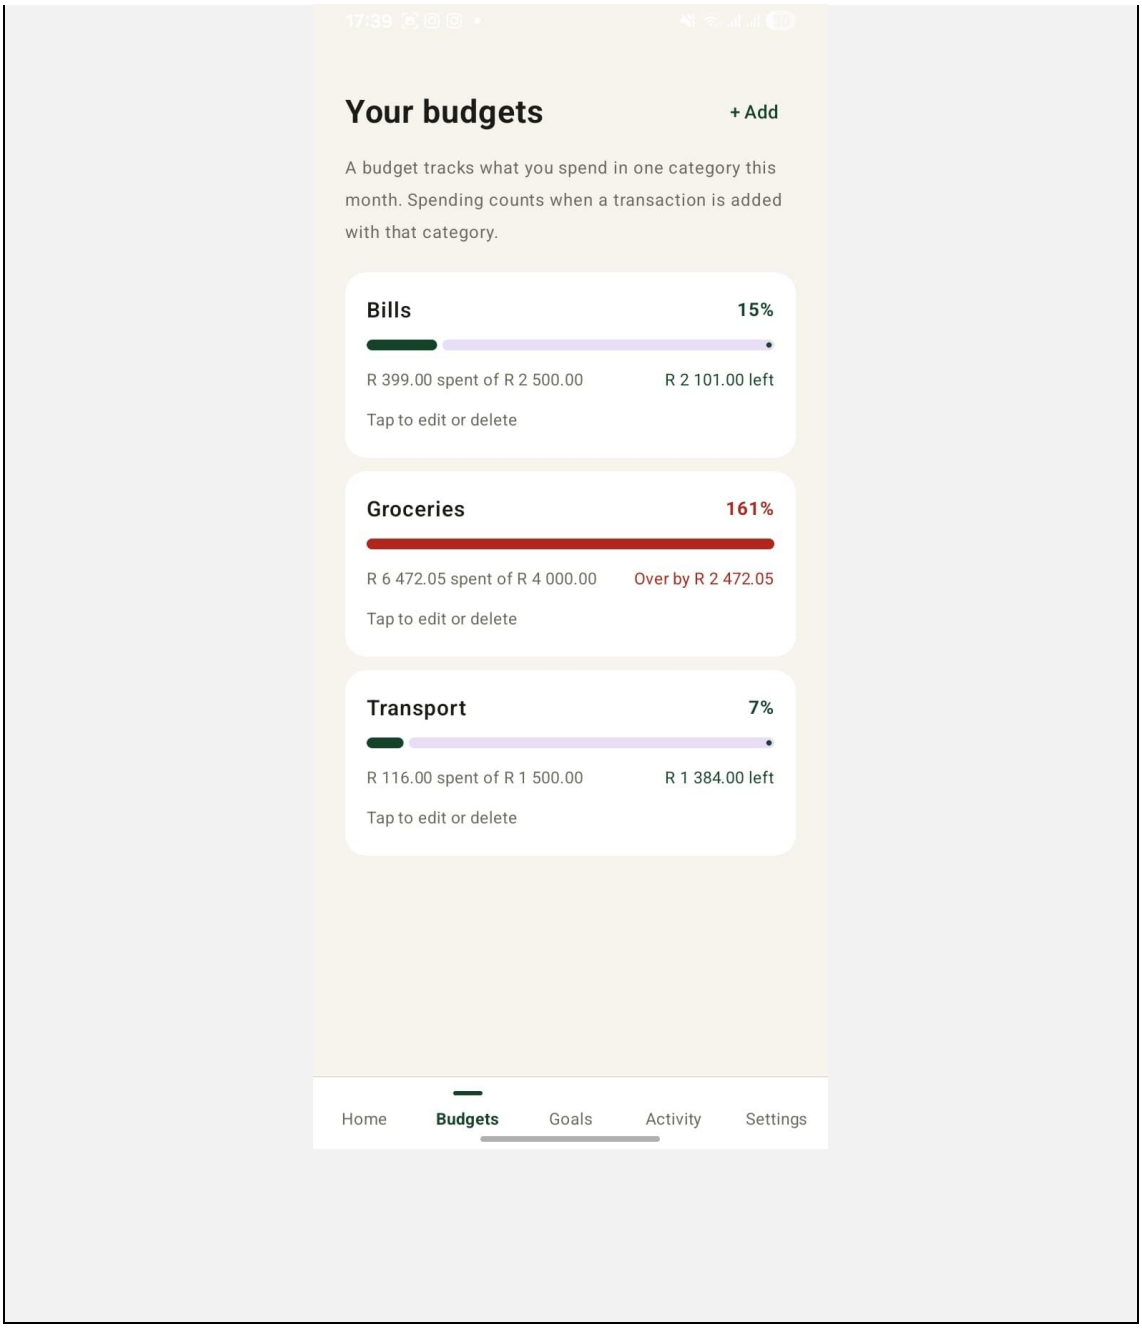

9. Budget alert 80% notification

17:38
Your budgets
+ Add
A budget tracks what you spend in one category this month. Spending counts when a transaction is added with that category.
Bills
15%
R 399.00 spent of R 2 500.00
R 2 101.00 left
Tap to edit or delete
Groceries
86%
R 3 472.05 spent of R 4 000.00
R 527.95 left
Tap to edit or delete
Transport
7%
R 116.00 spent of R 1 500.00
R 1 384.00 left
Tap to edit or delete
Home
Budgets
Goals
Activity
Settings

What it shows: Push notification posted on the device when a transaction pushed the Groceries budget past 80% of its R 4,000 limit (spent R 3,200).

Rubric: Push notifications (FCM) 10 marks

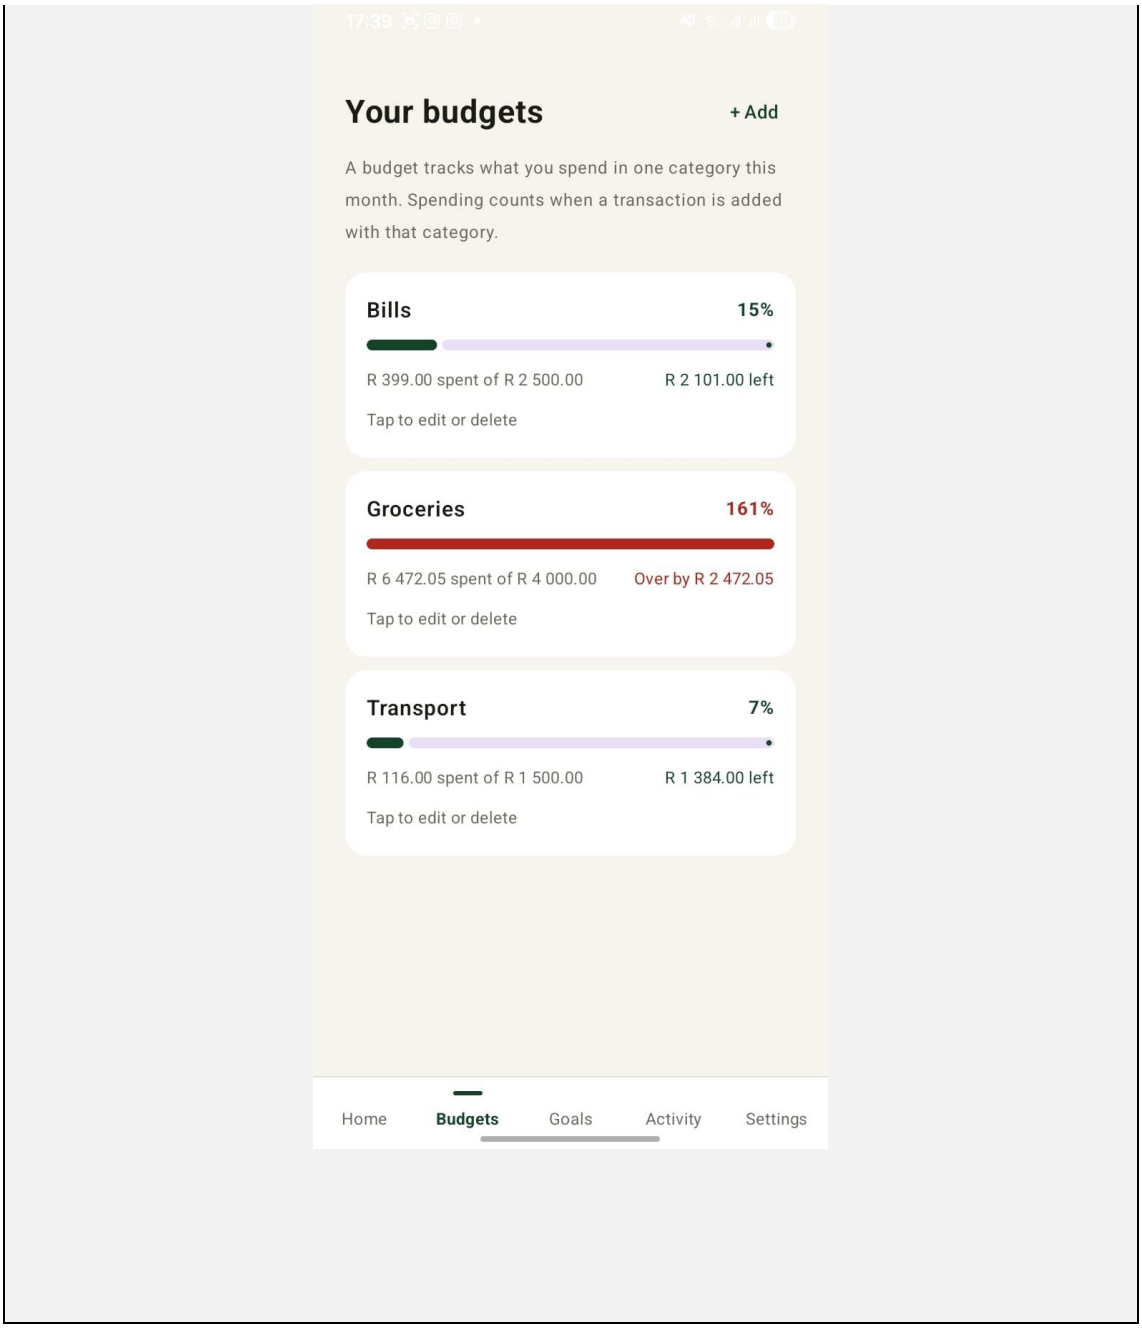

10. Budget alert over-limit notification

Your budgets
+ Add
A budget tracks what you spend in one category this month. Spending counts when a transaction is added with that category.
Bills
15%
R 399.00 spent of R 2 500.00
R 2 101.00 left
Tap to edit or delete
Groceries
